

European Venture Contest Semi Final Healthcare - Aarhus/ Jutland, Denmark

After the important success of the 2010 edition of European Venture Contest (EVC) Semi Final – Healthcare, the event will be back again **from 20 to 21 September 2011 in Aarhus**, Denmark. Again, this is the fruit of collaboration between Europe Unlimited, the City of Aarhus, Invest in Denmark, KPMG, Kromann Reumert, MTIC and Østjysk Innovation.

The EVC Semi Final Aarhus brings vital exposure to entrepreneurs and unique networking and funding opportunities.

- Finds, evaluates and awards world-class innovative companies with the potential to dramatically impact their industry and contribute to increasing European competitiveness and growth.
- Supports the global leaders of tomorrow at an early stage by updating the skill set they will need to grow and expand their businesses successfully.

The top 25% most promising high-tech companies are automatically entitled to present at the European Venture Summit in Düsseldorf, which; in turn; leads to selection of the 25 finalists to expose their company project in front of a panel of international investors at the Eurecan European Venture Contest (EEVC) Final.

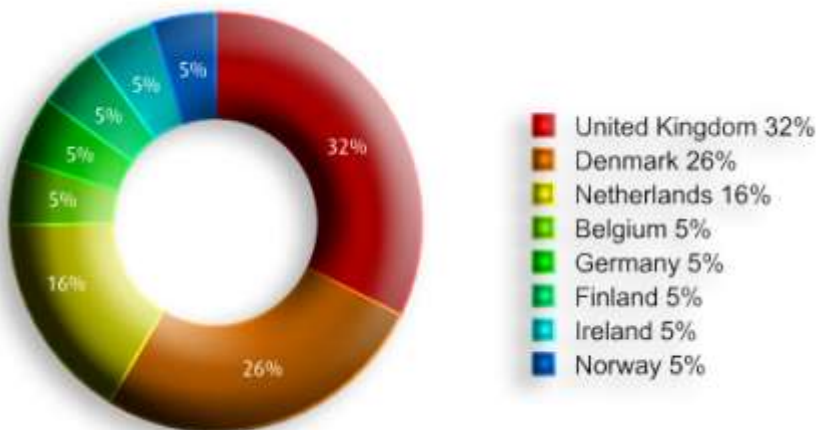

Last year winning company at the Semi-Final in Aarhus 2010, The German company “Immunservice”, was amongst one of the three award winning businesses of the Final in Barcelona and received the prestigious Eurecan award and a €30,000 cash price.

The expert reviewers consist of international venture capitalists, corporates, investors, international business executives & prestigious experts in their field, who shared their expertise at the presentations.

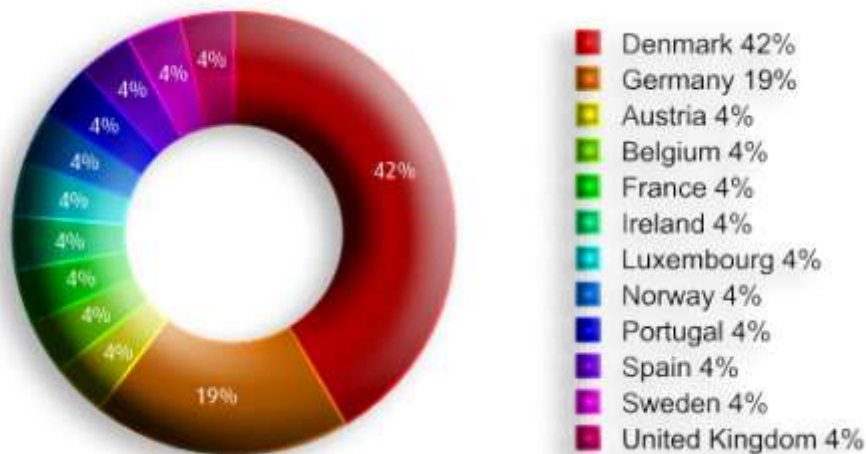

This year, to name a few, experts from Philips [NL], Sunstone Capital [DK], GlaxoSmithKline [GB], Seventure Partners [FR] will be present during EVC Semi Final - Healthcare, taking place in Aarhus.

We are proud to say that this contest is attended by wide variety of European investors and entrepreneurs. This year again it will be a unique opportunity to attain Pan-European visibility and network with international fast-growing companies, corporate investors, VCs.
